

PREVENTION OF THE SPREAD OF COVID-19 DISEASE AT LOCKFEST 2021

When entering the international exhibition LockFest, everyone is required to complete a statutory declaration and submit one of the following documents:

- Certificate of completed vaccination, 14 days after the last dose;
- COVID-19 disease certificate, which is not older than 180 days from the first positive PCR test;
- A certificate of negative result of the antigen test, or a certificate of negative result of the PCR test, which will not be older than as stipulated by the relevant Extraordinary Measures of the Ministry of Health.

If you have not been vaccinated or have not recently had COVID-19, you can use the following test sites in Karlovy Vary:

Karlovy Vary Hospital

- Bezručova 1190/19, Karlovy Vary (in the lower part of the complex)
- It also performs antigen tests
- Subscriptions can be reached by car or on foot
- Order online: <https://www.rezervacekk.cz/>

OC Varyáda

- Cpt. Jaroše 375, Dvory, 360 06 Karlovy Vary (in the parking lot)
- Offers antigen testing, PCR and antibody measurements
- No order

All persons who are participants in public health insurance in the Czech Republic can be tested. At the collection point, the applicant submits the insured's ID card or a replacement document. Insured persons can be tested by antigen test once every 7 days, by PCR test twice a month.

Due to possible subsequent tracing, registration of visitors is necessary and will be archived by the organizer for the necessary time.

In the interior of the Thermal Hotel it is necessary to wear a respirator or other protective equipment without an exhalation valve with a filtration efficiency of at least 94% (class FFP2 / KN 95), except during the consumption of food and meals, including beverages.

The organizer orders all hygiene rules to be observed. The organizer has the right to expel a person who seriously or repeatedly violates any hygiene rule from the event.
